Professional Profile

Systems and Computer Engineering student with hands-on experience building REST APIs in Java and Spring Boot. My project work includes authentication, business logic, database migrations, and integration testing. I have also integrated APIs into Angular and TypeScript applications.

Technical Skills

Backend: Java, Spring Boot, Spring Security, JPA/Hibernate, REST APIs, JWT, OpenAPI.
Databases: SQL, PostgreSQL, MariaDB, SQLite, Flyway.
Testing and tools: JUnit, JaCoCo, Git, Maven, Docker, GitHub Actions.
Frontend and desktop: TypeScript, Angular, React Native with Expo, JavaFX.

Experience

Research Assistant | Universidad del Quindío
Office of the Vice President for Research | September 2026–Present

- Migrate complete research project records between university systems, including literature reviews, project team members, research groups, budgets, and bibliographies.

¡Ay, Donitas! | Co-founder February 2023–Present

- Co-manage day-to-day operations, inventory, and customer service.

Selected Projects

GrownUpsVet Veterinary Management | 2026 **GitHub**

- Implemented JWT authentication and used a Flyway migration to support recording consent versions and dates in the same transaction as pet owner account creation.
- Consolidated PostgreSQL queries in clinical workflows and added JaCoCo coverage reports to GitHub Actions.

StayHub v2 Rural Accommodation Booking | 2026 **GitHub**

- Implemented booking quotes, updated seasonal pricing rules, and added email notifications for completed reservations.
- Created a multistage Dockerfile to package the Spring Boot API with PostgreSQL configuration.

Transactum Desktop Digital Wallet | 2025 **GitHub**

- Integrated the JavaFX interface and built a points and redemption system for a student project that stores wallet data in SQLite.

Education

Universidad del Quindío | Systems and Computer Engineering, 2023–Present
SENA / CASD | Systems Technician, 2020–2022

Additional Training

Full Stack Web Development | Dev Senior Code, 2025.
Foundations: Data, Data Everywhere | Google / Coursera, 2025.

Languages

Spanish (native) | English (B2)
